# Who farted?

Hello I am Detective \_\_\_\_\_  
\_\_\_\_\_Am when a \_\_\_\_\_smell came from the bathroom nextdoor. I \_\_\_\_\_over  
to see if something was the matter but no one was there. I knew that Mr. \_\_\_\_\_has been having  
gastrointestinal problems but I didn't know it was this bad. Then \_\_\_\_\_that he was on vacation so  
he couldn't have made the smell. My next suspect was Fluffy the \_\_\_\_\_. Then, being my  
\_\_\_\_\_self, I remebered that \_\_\_\_\_don't use toilets so it couldn't've benn him. So I  
went to the batroom to look for some \_\_\_\_\_. I found a pregnancy test...it was positive. I thought Mr  
and Mrs \_\_\_\_\_are too \_\_\_\_\_to have kids. Then I remebered \_\_\_\_\_nights ago  
. I had had a girl over and... I don't recall using \_\_\_\_\_. Since I had also gone to \_\_\_\_\_  
school I remebered that preganant women have really \_\_\_\_\_farts. There I had solved the case. Then I  
remembered that she hadn't been back to my house. After some \_\_\_\_\_I realized that Mr.  
\_\_\_\_\_was having an affair. So by the powers of my \_\_\_\_\_deduction my one night  
stand made the smell. But there is still another mystery to to solved. In my next case... who's the baby daddy?
