Like in my experience _____Name of a person_____gave me a giant teddy bear to cuddle with he taught me how to put on its stupid shirt with a _____Adjective_____heart with m name and his name on it! it was so _____Adjective_____I was about to vomit on him and run away because i was so _____Adjective_____because everyone at school was staring at me as if i had just come from a comedy club! So don't be his boyfriend if he stalks you like that. But even minor smiles can bea hnt for liking. If you like him back don't stalk him either because then he'll think you as a _____Adjective_____girl who is _____Adjective_____and _____Adjective_____or just plain _____Adjective_____If he likes you he'll talk to you all the time and won't stop thinking about you. It will be VERY _____Adjective_____because all he'll do is stare at you through those _____Adjective_____lessons in health class. If he makes _____Adjective_____jokes like your the only ten i see, or something then he definitely thinks your _____Adjective_____If he asks you out then he defintiley is madly in love with you! But don't bring him down and tell him you _____Verb_____him because then he'll hate you and be mean to you! Would you rather have someone in your lfe stalk you all the way to your house or have someone hat you so that they stalk you with a knife all the way to your house? I don't know but it's your choice. But remember always keep a smile on your face even if he is obsessively in love with you. And NEVER FORGET don't kiss him before you even go on a date or anything then he'll think your really _____Adjective_____.
