The Axe Murderer

One Adjective Time of day I was sitting watching my favorite show Noun Noun when I heard the Noun Verb. When I said A greeting A greeting A greeting; no body answered. I muttered A greeting A greeting A greeting; in a Adjective tone but i still didnt get any answer. I went across the Noun to my bedroom and grab my Weapon Weapon Weapon but to my surprise a crazy mother fucker smashed through my window with a A mask A mask wielding a axe and making this horrible shriek at the top of his lungs. Im not gonna lie I dont get scared easily but when i said this guy jump through my window my leg was leaking the shit that was drizzlyling from my asshole. I grabed my .45 and I started running cuz this mother fucker was crazy and he kept swinging that fuckin axe, witht he horrible shreik he was making and the look in his eye I can tell the only thing he wanted to do was chop me into pieces. I jumped over my table and I ran all over my house trying to cock my jammed pistol as the psychotic asshole was chasing me like a maniac. I finally got my pistol cocked and when i did i turned around, kicked him in the nuts and blew his fuckin brains all over my tile floor. Serves this mother fucker right.
