facts of flamingos

Flamingos are very _____^{Adjective}_____ animals. But they are very _____^{Adjective}_____ and _____^{Adjective}_____. Some people mistake them as ostriches, and those people are _____^{Adjective}_____. FLAMINGOS ARE SO MUCH PRETTIER THAN _____^{Adjective}_____ OSTRICHES! Now, as I was saying, when they get born they're not _____^{Color}_____ but since they eat lot's of pink stuff, for example shrimps, they turn pink. Flamingo's necks are very long, like giraffes. BUT WE'RE NOT TALKING ABOUT GIRAFFES NOW ARE WE? GIRAFFES BRAG ABOUT THEIR LONG NECKS, AND PEOPLE ONLY THINK GIRAFFES HAS SUCH LONG NECKS, BUT NO! FLAMINGOS HAVE LONG NECKS TOO! Well, as I was saying, flamingos also have long legs. sometimes they stand on one leg, and holds up the other leg. They look like sticks! They can also fly! SOME PEOPLE SAY THEY'RE TOO _____^{Adjective}_____ TO FLY, BUT THEY ARE NOT! DONT _____^{Verb}_____ THEIR FEELINGS, AHHHHH!!!!!!!!!!!!!! Now, as I was saying, they can fly too, like birds! Well... they ARE birds. OK, that's enough facts for the day, BYE!
