# The man and his dog

One day there was a           Noun           named           First name           who           Verb           in a band. He played the           Noun           and love it and had fun. His other favorite thing was his           Noun          . One day his dog was sick.

Henry had to come up with a plan on how to make his dog feel better. Then he knew he went to go take him to the           Location          . The           Noun           told Henry that his dog is okay he just had a stomach ache. Henry was so happy that his dog was going to be okay. The next day Henry was           Verb           on his drums with his dog by his side.
