Smart Student

The college _____^{Noun} had just finished explaining an important _____^{Noun} project to his class. He emphasized that this _____^{noun} was an _____^{Adjective} requirement for passing his class, and that there would be only _____^{Number} acceptable excuses for being late.

Those were a _____^{Adjective} certifiable illness or a _____^{Noun} in the student's immediate family.

A _____^{Adjective}; student in the back of the classroom waved his hand and spoke up. "But what about _____^{Adjective} sexual exhaustion, professor?";

As _____^{First name} would expect, the class exploded in _____^{Noun}. When the students had finally settled down, the professor froze the _____^{Adjective} man with a glaring look.

"Well," he responded, "I guess you'll just have to learn to _____ Verb _____ with your other _____ Noun _____;".
