## your a tiger, good luck

you wake up to see your tigress laying next to you and stand up slowly wishing not to wake her. you walk out
and realize no one else isso you walk off into the forest and come upon Tiglor!! your rival in love,
he has always been after your tigress. you yawn and turn away from him and he leaps at you. you
leap out of the way and keep walking. he pounces and manages to knock you to the ground and
get on top of youis mine!!!"; you growl in a way that get themore angry and
he tries to bite you again. you push him off and runs towards theand howl as loud as you can.
soon all theare up but Tiglor wasn't stoping, he was intent on you. your tigress runs out and gets
between you and tiglor, but he knocks her out of the way in his pursuit of you and that makes her mad. so she
just charges after as you run from him. your roper noun calls out "why are you
; you answer "he'sangry and had meawhile back, that was
kind of scary i'd prefer not to go through that again"; Timbor laughs and sits and waits. you finally decide to stop
and face him and get knocked down. and finally kick him off and land on top of him. "i win"; you say and he
jumps up and runs away and you go over to yourand go back toand go back toand
