Fruity Tooty

My favorite fruit in the whole wide world is the Noun Noun . Never heard of it? Well, it is found in the center of the Noun tree. Its skin is as Noun as a Noun but it's ten times more Noun . Its insides are so Noun and Noun that it could make you Noun . The auroraca's Noun smells Noun and light. I can't believe it's not everyone's Noun Noun You should definitely Noun it sometime!
