The Apology

let me just start by saying that I'm sorry for what happened Day of the week. We can point fingers and say hurtful things about each others Noun. You could call me a Body part - Verb-er, and I could calmy point out that you are a Adjective Profession. We both drank a lot, at least Number bottles of Zima and another handle of Fruit Boon's Farms.

I'll be the bigger man and admit that this whole ordeal was at least Number% my fault. It's just too bad that you had to lose your Plural noun.

We're still friends.
