That's why he's so Adjective to say anything about his own feelings. He's afraid of being Past tense verb.

And male's name is thinking: I'm gonna have them look at the Car part again. I don't care what those Plural noun say, it's still not Verb ending in ing right. And they better not try to blame it on the cold weather this time. What cold weather? It's Number degrees out, and this thing is verb ending in ing like a/an Verb Noun and I paid those Adjective thieves \$.

(She breaks down, sobbing.)

"I'm such a/an Noun " female's name sobs. "I mean, I know there's no knight. I really know that.
