The Bathroom

A bathroom is a room that may have different functions depending on the cultural context. In the most literal sense, the word bathroom means a room with a Noun. Because the traditional bathtub have partly made way for modern showers and Adjective Plural noun the more general definition is a room where one Present tense verb. There can be just a shower, just a bathtub or both; and often both plumbing fixtures are combined in the bathtub. The room may also contain a sink, often called a Noun.

A bathroom directly connected to a bedroom is often called a Adjective bathroom. Its use is primarily intended for the occupants of that bedroom only. In French the term en-suite literally means Adjective Noun in this case referring to the bathroom being part of the bedroom it is attached to. A bathroom adjacent to or directly connected to the master bedroom is generally called the master Noun unless it is shared by other bedrooms or the house only has one Noun.
