## My Homework is HARD

I hate all $\qquad$ papers of homework due in $\qquad$ days.

Here's why.

1. I need to finish $\qquad$ pages of $\qquad$ .
2. My $\qquad$ book needs to be done before tomorrow
says to do 5 homework pages a night.
later, I am an adult, the vice principle. I say for students to have
pages of homework each night.

But then I get $\qquad$ on/in the $\qquad$ and go berserk.
