My Condition

I went to the Doctor today and you will never believe what he told me, I have a newly discovered medical condition! It is called _____
Adjective Adjective
_____bowel syndrome. Let me tell you about the symptoms, they include:

Adjective ending in y Bodily fluid

- excessive _____
Bodily fluid

_____coming from the _____
Bodily fluid Body part (plural)

- pain in the _____
Body part

- enlarged _____
Body part

- a _____discharge that comes from the _____
Adjective ending in y Body part (plural)

- uncontrollable

Emotion

The doctor said that he can treat it with Plural noun but the best course of treatment is to surgically remove my Body part. Most people would be upset about this, but that is why we have two of them right ?
