# my trip to mars

One day i woke up to the sound of my           Noun          . 'OMG!' I gasped! Today the BIG           Noun           was to be assigned at school! I           Past tense verb           up, pulled on my           Plural noun           covered my lips in lip gloss, brushed my knotty hair and ran downstairs. 'Hey mum!' I smiled grabbing a peice of           Noun           and stuffed it in my mouth. After i ate my breakfast i ran to school. 'OH NO' i shrieked, 'i forgot my LIP GLOSS!'

I frantically rumaged around in my pockets but: nothing. I'd have to survive           Location           without it! At school the           Noun           was assigned. We had to choose a location and go there. Then do a           Adjective           poster board about it. When i got home i asked my dad if i could go on a trip in his agency's           Noun           (he's an atronaught) He said SURE and so i chose my location: Mars.

When i got to mars i stepped out of my           Noun           and almost yelled at myself for not putting on lip gloss before i left. I had taked a privet           Noun           with autopilot, i went on it alone cus none of the adults were           Adjective           enough to come.

Anyways, i saw a weird creature come out of a big hole infront of me. 'Ewe' I groaned. 'I am a Gkahfjkah' He mumbled. 'A WHAT?' I asked through dry lips.

'A Gkahfjkah' He replied. 'I like           Adjective           and           Adjective           bananas. Not           Adjective           or           Adjective           pears

. ' So then i left. After i showed my project to the class (with glossy lips) I got asked to work for a very  
proffesional beleif agency, and i earned billions of \$\$\$\$\$!

The end.
