Traped in my computer

Dear _____First name_____

Yesterday I playing _____P.c. game_____ and then my _____P.c. hardware_____ went blank with the power

still on, so I took my _____Same p.c. hardware_____ apart and there was nothing wrong, so I took my computer apart

and sure enough, there was the problem, my _____P.c. hardware_____ got disconnected, so I put the cables back but,

when I put the cables back the wires touched my hand and half of my mind turned in to the _____Same_____

_____p.c. hardware_____ Now my computer runs at the _____Adjective_____

Sincerely,

_____First name_____ (aka PC Processor).
