April Fool's Day Trick

First trick is:

_____ (you) need tape and that sticks really good. Then you need to go in to where you have a fossit. If you have a fossit that you turn on and you can pull another fossit and push a button so water will come out, tape a piece of tape around the pull out fossit. When _____ (you) comes in to do some dishes the water squirts all over him/her. Then when _____ (you) comes in to wash his/her hands they will get a shower.

HAPPY PRANKING!
