A Murder

are walking down the Noun and you are Noun on your Noun.

First name Verb down an alley, and you see a weird figure standing on the corner that looks a little scary. So First name starts running. When you are running you lose your flip-flop and trip and fall. Then you figure out that it is not just one man, it is several men.

You start screaming, 'HELP! HELP!' but it doesn't work. You have a knife in your pocket. You act like you are getting your money from your pocket book, and you stab the biggest man in the legs until he is on the ground.

You stab each one. One by one until your arms, face and legs, are full of blood.

You were never charged with murder but you did serve Time (month and day) for stealing a bra from Walmart.
