Food Pyramid

The food quide pyramid's original version was invented and designed in _____Location_____by Ann-Britt Agnsater. The food pyramid was based on the amount of _____Adjective_____Plural noun_____one needs to eat daily in order to maintain their health. Later it was developed to a pyramid. _____Name of a person_____later introduced the Food Pyramid to other European countries, as well as Tanzania and Sri Lanka. In 1992 it inspired American _____Noun_____experts to develop an improved American food pyramid.

This initial pyramid became famous throughout _____Adjective_____Location_____ and became an American icon. One issue which this pyramid was believed to have was its rigidness. The new pyramid reflected the concept that a diet should be structured according to _____Proper noun plural_____Adjective_____Plural noun_____. The old pyramid allowed individuals to consume the _____Plural noun_____within a certain range of servings, but did not state how to interpret that choice.
