dum kid farting and expoding the bathroom

dum kid farting and expoding the bathroom

I once saw someone going to the bathroom but he went faster then me and i had to wait in line because he took forever and i waited and waited till he got out but still didnt get out so i told them to save my spot and i went to get a key and open the bathroom then i opened it and then i saw it was my dum and he farted and the whole bathroom exploded and i flu out the door then my had to pay for what he did and i laught as he cryed through the door and his pants and his underwear were down and he ran and every time he ran he fell because of his pants and he farted one more then the whole world exploded and it was all his fault so we blamed it on him so he cryed again and the next day and again and agian every day was the same day but it was sad because it never ended till he died but he had a kid that farted again and again so we could not have a pecise full day because of and his farting again and again and again.

THE END
