Becoming_a_Good_Teacher

It used to be that being a good _____ Noun meant you simply had to be a/n _____ Adjective person. If you were willing to _____ Verb your community, be attentive to both your spouse and _____ Plural noun and be a /n _____ Adjective employee, you certainly would have qualified as a good teacher.

But honestly, when classroom effectiveness is judged by the teachers own _____ Adjective characteristics, and not measured by _____ Noun achievement, how would we know if a teacher is really getting the job done?

Student performance is both _____ Adjective and critical to assessing current teaching methods.
