# The Nanny

She was working at a Adjective shop in Place with 2 names

Til her boyfriend Past tense verb her out in one of those Adjective scenes.

What was she to Present tense verb?

Where was she to Present tense verb?

She was out on her Body part

So over the Large noun from First name of place with 2 names to the Last name of a person + s door,

She was there to sell Plural noun but Person saw more.

She had Personal quality

She

had \_\_\_\_\_  
Personal quality

She was there!

That's how she became the \_\_\_\_\_  
Noun that rhymes with the body part

Who would have \_\_\_\_\_ that the \_\_\_\_\_ we've described,

Was just exactly what the \_\_\_\_\_ prescribed?

Now the \_\_\_\_\_ finds her \_\_\_\_\_ (Watch out, C.C.!).

And the \_\_\_\_\_ are actually \_\_\_\_\_ (such joie de \_\_\_\_\_)

She is the lady in \_\_\_\_\_ when everybody else is wearing \_\_\_\_\_.

The Adjective Second person from First name of place with 2 names

The Noun that rhymes with the body part named First name.
