When I Met Steve Stifler

This one time i met Steve Stifler and he invited me to a party so i agreed to go but when i got there. somebody peed Liquid all over the stifmeister, and when i asked him if he was all right he said 'Well polish my Body part and serve me a milkshake'. after he cleaned up i got to talk to him a little more and we talked about how many women we've slept with and i said Number, and he said Number, so he blares out 'its on like Donkey Kong, Explanation. So later i said goodbye to stifler and all he had to say was 'Im gonna hang out with my Body part out, and im gonna rock out with my Body part out'.
