My Place

Let me tell you about this place that I can go to when I close my Body part and imagine. It is very peaceful to me. There was a Number year old girl named First name who lives in this Adjective Location. In the Same as first adjective Same as first location there was a large Location that was magical. It had flower petals flowing down it and had a pool of water at the end of it with a bunch a diferent colored Noun. The water itself was healing water. It healed you emotinally when you drink it. Then there was a Noun named First name in the Same as first adjective Same as first location. He was her pet. He gave her a Shape shaped scar on her Body part and now she can talk to him through her mind. He also has Verb ending in ing powers. He can heal you physically. If you got hurt all he would do is put his Body part of a fantasy animal on the part of your body that got hurt and it would heal. When he Past tense verb it sounded like Sound. He was Big number years old. That was young for his kind. If you want to come to this land all you have to do is imagine. So just close your Body part and believe.
