## worst day [ or dream ]

I had the worst day today. Male enemy picked me up in a Least fav car. He is my enemy. But that's

not the worst part, when I got home I called my Male friend a Insult [one word].

He was so mad he Kind of punch me ! I Kind of kick him back . I went to bed after that and i had a

horrible dream. A Someone you're scared of chased me !When I woke up. I found out it was just a dream. The whole thing was a dream . WOW!
