The Attack

There was a group of mini elves that lived in a Christmas tree at a Christmas tree farm. They had built so much
they almost had an entire town in the Christmas tree. But one day, a family came along and thought that the
Christmas tree was the They were going toit down! The elves had to do
somethingin order to save their home. So, they decided tothe family. All the
elves ran to get their weapons and slingshots. They crawled to the edge of theand started to shoot
at the family. The youngest person in the family was a girl and she turned and The elves thought
they were winning, but thatchanged when the little girl came back. In her hands was a chainsaw
The little girl got down on herand knees and started to cut the tree down. The elves now
realized that they would not win this battle and the family would take theirhome. The mini elves
fled the tree, but they were not homeless long, soon enough they found anothertree.
