## money

one guy gets a dollar from his dad, he goes to school and another kid says 'i'll give you $\qquad$ quarters
for your dollar, the guy trades it for the quarters, then $u$ come up to another guy and he trades $u$ ur quarters for
$\qquad$ dimes and and you accept then u go to another guy who wants to trade you $\qquad$
nickles for your dimes, you accept, then $u$ go to one more guy and he wants to trade $\qquad$ pennies for your nickels you accept.
