Paleontologists: 'W've Been Looking At Dinosaurs Upside Down'

SALT LAKE CITY In a Adjective revelation that has Past tense verb the scientific community, paleontologists from the Location Geological Noun offered definitive Noun Wednesday that, for the past Number years, everyone has been looking at Noun fossils upside down. 'How they Past tense verb, what their Plural noun were for, we were wrong about everything,' said Dr. Name of a person, explaining that Adjective evidence indicates the animals Past tense verb along on what was once believed to be their Plural noun. 'Basically they Past tense verb around by grabbing nearby Plural noun with their Plural noun and pulling their bodies. Almost like a Noun. What we used to think were Plural noun were actually Adjective flippers that Past tense verb about in the air, Verb ending in ing them forward. Adjective.' The Dr. told reporters that when you think about it, paleontology makes a lot more sense now.
