The travels of York

York travelled with Lewis and Clark as they explored the west for Thomas Jefferson, our third Noun of the United States of America. Their journey let them discover new plants, Noun and resources. York was a Adjective man and a very helpful man. He hunted, talked with Native Americans, acted as a doctor, and made sure the land was safe to travel through. In the end, Lewis and Clark, with the help of First name travelled all the way from Proper noun to Oregon.
