How'd I Get Into This Mess...

One Time of day I was Verb ending in ing alone in the Location when suddenly, I hear a Noun coming from somewhere near by. Befor I knew it, a Adjective man had come up behind me and knocked me uncountious.

When I awoke, I found myself pressed tightly to a Adjective pole, my Body part and Body part chained tightly to it to the point I couldn't move. My Body part were on either side of it and I cold feel to Adjective of the mettal right up against my Body part. In some ways it felt quite nice, in other ways, it didn't. I was begining to wonder how long I would be their like this when my Noun came down the stairs.

This was the first time I was able to get a good look at him. He was quite Adjective and was Adjective as well. His Body part was Adjective I could feel myself getting wet just looking at it.

Without a word, he came over to where he had me chained up and began to Verb on the nipples of my Body part. It felt SOOOO good! Next thing I know, he's unchained me from the Noun and moved me to the Noun where he jammed that Adjective Adjective Body part of his into my Body part. At this point I couldn't help but moan as he Verb it in and out. It wasn't long

till we both orgasimed.

I fell to sleep soon after only to wake up to find myself chained to the Noun again, Verb ending in
ing to start the process again.
