

# My First Kiss

1. Noun
2. Past Tense Verb
3. Plural Noun

# My First Kiss

I walked through my best \_\_\_\_\_<sup>Noun</sup> front door and \_\_\_\_\_<sup>Past tense verb</sup> up the stairs. There she was, digging through her closet.

She waved at me and smiled. I collapsed on the bed and sighed. 'I had a rough day I said,' I continued on and on.

She lay on the bed next to me.

'And then I-' she cut me off. She pressed her lips against mine and held them there for about five seconds.

When she pulled her \_\_\_\_\_<sup>Plural noun</sup> away, I laid there stunned. She was so close to me, she looked at me with those big blue eyes. 'Well?' She asked. I plunged onto her and kissed her. This time she stuck her tongue into my mouth. She plunged it down my throat. She felt the shape of my breasts in my shirt. I rubbed her legs and then we pulled apart.

That was the story of the time I had my first kiss.
