The day I met Jimmy he was small . I immediately thought to myself ; "what a little guy! "; . After a while I began to realize this guy has was gonna bald too early and has little feet and small ears . After all he's always funny. Actually, one day he even farted and shit in gis pants . One of these days I'm going to laugh at him . Even if it means I have to breach.

What I don't understand is why Jimmy Adjective. For the life of me I will never figure that one out.

What I know for sure is that Jimmy is so Name of a person and that Jimmy has Preposition. I guess he's just lucky that way.

If I needed a Animal plural Jimmy's my guy, but if I needed a Event He's the last person on earth I would call!

It's funny because I know Jimmy loves \_\_\_\_\_Location but at the same time he hates \_\_\_\_\_Past tense verb.

When I think about it, the funniest thing Jimmy ever did was the time he \_\_\_\_\_Proper noun plural. Maybe he's  
nuts!

I'm probably the only person on earth who knows that Jimmy \_\_\_\_\_Pronoun Oh well, now everyone knows.....  
oops!

Jimmy, on your 50th birthday I wish \_\_\_\_\_Preposition.

Love \_\_\_\_\_Present tense verb
